WHAT IS THE OCHA CBPF DATA HUB PORTAL?

The **OCHA CBPF Data Hub** is a dynamic and intuitive data analysis platform, delivering critical information, in real-time, on OCHA Country Based Pooled Funds' **Allocations** and **Donor Contributions**, for better decision making.

Intended for all users who wish to analyze and learn more about the CBPF figures and trends, it provides a wide array of **interactive visualizations**, allowing an easy access to data.

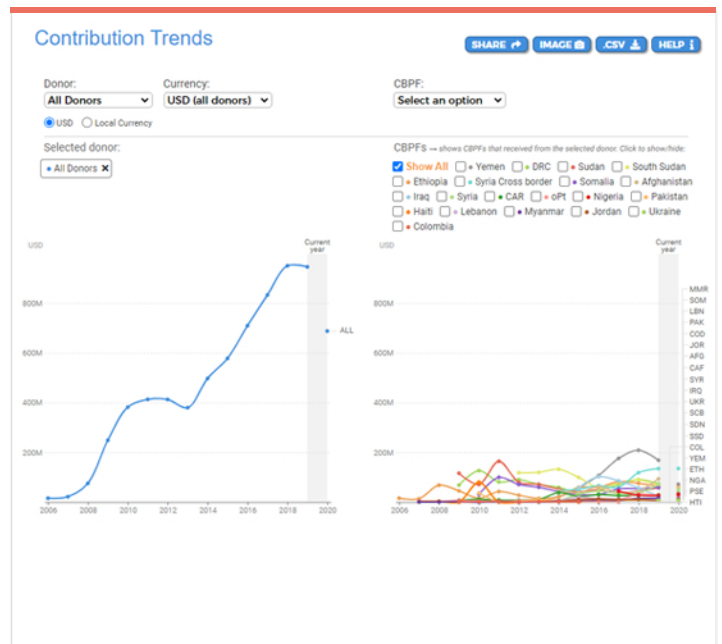

All OCHA CBPF Data Hub infographics are live and **publicly available** for everyone to use, download and share.

CONTRIBUTIONS

CONTRIBUTION TRENDS

“ Very useful, very quick access to the data; it helps us make key decisions. ”

Donors' Representative - Pooled Fund Working Group 2019

FROM A COMPLIANCE REQUIREMENT TO A NEEDS-TAILORED, RELIABLE TOOL

ENHANCED TRANSPARENCY AND ACCOUNTABILITY

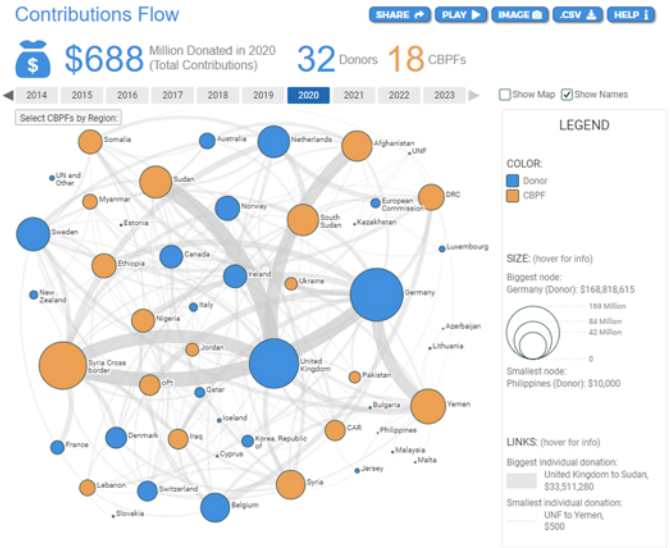

Drawing its data from the **OCHA CBPF Grant Management System**, the CBPF Data Hub delivers in real-time the exact figures on, among others:

- Donor Contributions and CBPF Funding Levels
- CBPF Allocations and Clusters Funded
- Targeted and Reached Affected Persons
- Allocation Flow to NGOs and other Implementing Partners
- CBPFs Funding for Gender Equality

EYE-FRIENDLY, INTERACTIVE INFOGRAPHICS

All CBPF Data Hub infographics include:

- **Filter options**, allowing users to create on-target, customized visualizations
- Extraction, sharing and downloading options

“ OCHA CBPF Data Hub is one of the most transparent representations of the data in the humanitarian sector. ”

Donors' Representative - Pooled Fund Working Group 2019

FASTER REPORTING AND ANALYSIS

The CBPF Data Hub offers a multi-dimensional level of data analysis which OCHA stakeholders can use for **reporting purposes**.

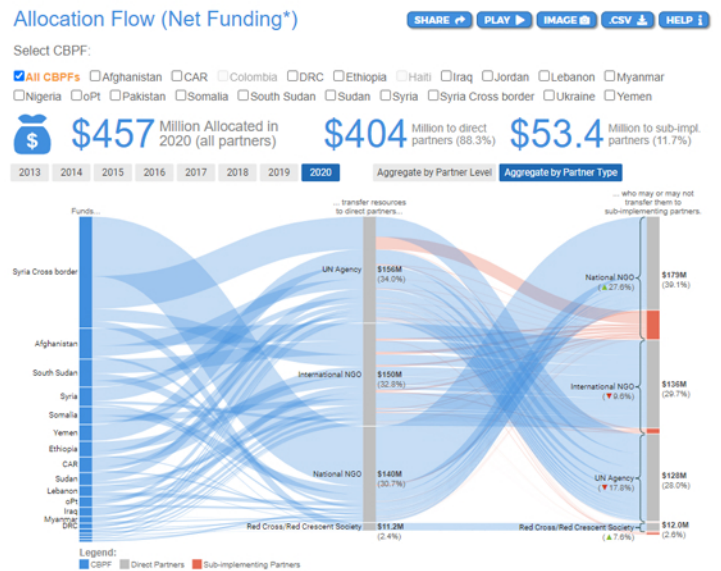

Additionally, the **data analysis on trends** improves visibility on performance and gaps, and facilitates **strategic planning**.

HIGH ADAPTABILITY

The CBPF Data Hub is continuously updated with new infographics, and quickly adapts to the reporting and analytical needs of OCHA stakeholders, including **Management and Donors**.

One of the latest additions to the CBPF Data Hub is the **COVID-19 Allocations map**, which provides an overview on OCHA's response to the COVID-19 pandemic.

(To learn more about the COVID-19 allocations map, please refer to following url <https://pfddata.unocha.org/COVID19/>)

ONE DATA HUB FOR ALL OCHA FUNDING MECHANISMS

OCHA manages two types of Pooled Funds: the **Country Based Pooled funds (CBPF)** and the **Central Emergency Response Fund (CERF)**.

While the CBPF Data Hub currently provides information on CBPFs, the **Pooled Funds Data Hub** has been developed as a one-stop shop delivering CBPF and CERF **Allocations and Donor Contributions figures and trends**.

As such, the **Pooled Funds Data Hub** is the only information management tool to bring together **real-time OCHA Pooled Funds' data**.
